READ.

Join the community along with city and regional leaders as we put the brakes on driving.

TOGETHER

WE CAN MAKE A DIFFERENCE

Together, we can build a healthier and more sustainable Lafayette and Acadiana for us, our children, and future generations.

CRUISE.

BIKE.

WALK.

CARPOOL.

BUS.

S

WHY DRIVE?

Commuting by bus, bike, walking, carpool, or boat not only improves our environment, but helps curb stress and anxiety and keep us healthy and fit.

WHEN YOU CAN ...

BUS.

LTS buses offer a relaxing air-conditioned way to get around the city and region. By riding the bus, you'll have more time to read, text, study, mingle, and get to and from our many fun-filled festivals safe and sound.

BIKE.

Cycling is great for body, mind, and soul, not to mention a fun way to get to work, school, the café, etc. And thanks to the botanical bike path and electric bike program, getting to Zydeco brunch in Breaux Bridge is a breeze.

WALK.

Whether you're out enjoying a leisurely family stroll, plugging in to some tunes and powering off to work, or toting goods home from a farmers' market shopping spree, walking is always a good idea. Bonus points for aiding circulation and digestion.

CARPOOL.

No need to brave the traffic alone. Check the app for the nearest carpool share, or hop in a Lyft or Uber. You'll bypass the stress, meet others in your community, and arrive at your destination in style.

CRUISE.

Thanks to our handy Vermilion River ferry system and kayak-share program, you can enjoy a leisurely cruise to your destination, or stop by the promenade for coffee or a happy-hour treat.
